"What will empower us and sustain our relationships in the new age?"

That is the question author and empowerment expert Charlene Proctor poses in *The Oneness Gospel: Birthing the Christ Consciousness and Divine Human in You*. In this eye-opening and deeply spiritual book, Charlene unites the diverse, spiritual wisdoms from both East and West to help readers experience Christ consciousness in the here and now. Combining the Oneness Teachings of India with a fresh look at the New Testament, Charlene gives profound and practical advice on how to know the self, release emotional suffering, shift disorder to order in our personal lives, and fully embrace the present moment.

Humanity's final phase of awakening is a rekindling of oneness, which is a higher level of conscious awareness—the Christ consciousness. *The Oneness Gospel* reveals how to open your divine potential by seeing truth, and guides you to a higher level of self-awareness and a more authentic experience of who you truly are.

Awaken into Oneness

Twelve Principles For Becoming a Divine Human

Understand yourself and your relationship to the Divine.

The journey begins where you are, not where you want to be.

Revere the Divine.
Live with awareness of your inner God.

Love God with your heart and soul.
Feel the freedom and joy of doing so.

Seek truth everywhere. Don't limit yourself to one wisdom tradition. Question everything.

Invite God's love.
Ask for grace and know you are never alone.

Be authentic.
Learn to be at ease with yourself.

Be a spiritual peacemaker.
See yourself as the change you wish to see in the world.

Choose to live in the energy of unconditional love
and abandon your judging mind.

Adopt spiritual practices that make sense to you
and understand their meaning.

Use auspicious language. Don't allow your thoughts and words
to turn into negative stories and illusions.

See God everywhere. Mention God often.
